UCSF Program on Reproductive Health and the Environment

CHILDREN'S ENVIRONMENTAL HEALTH NETWORK
A healthy environment for all children

Legislative Briefing:
What the Science Says About EPA Protections and Children's Health

EXPERTS LIST

Speakers

Tracey J. Woodruff, PhD, Professor and Director, **UCSF Program on Reproductive Health and the Environment**, a former EPA scientist and one of the nation's leading researchers on how toxic chemicals and chemical regulatory policies affect the health of pregnant women and children

Contact: Tracey.Woodruff@ucsf.edu, 415-476-3198
Media Contact: Laura.Kurtzman@ucsf.edu

Frederica Perera, DrPH, PhD, Professor and Director, **Columbia Center for Children's Environmental Health** whose research linking air pollution to respiratory and neurodevelopmental problems in children prompted policy changes in New York City that further reduced air pollutants

Contact: fpp1@cumc.columbia.edu, 212-304-7280
Media Contact: Tim Paul, tp2111@cumc.columbia.edu

Linda McCauley, RN, PhD, FAAN, Dean, **Emory University's Nell Hodgson Woodruff School of Nursing**, a national leader in research on how pesticides and other contaminants affect children's development, minority communities, and workers

Contact: Linda.Mccauley@emory.edu, 404-727-7976
Media Contact: Allison.Caughey@emory.edu

Adrienne Hollis, PhD, Esq., Director, Federal Policy, **WE ACT for Environmental Justice**, a toxicologist, environmental attorney, and a national leader on environmental justice

Contact: adrienne@weact.org, 202-495-3036
Media Contact: Brooke Havlik, Brooke@weact.org

Jerome Paulson, MD, FAAP, Scientific Advisory Board member, **Children's Environmental Health Network**, former Chair of the Executive Committee, American Academy of Pediatrics' Council on Environmental Health, Professor Emeritus of Pediatrics and of Environmental and Occupational Health, George Washington University

Contact: jerry@envirohealthdoctor.com, 202-471-4891
