

## Summit on Shaping Our Planetary Legacy: Setting an Agenda for Environmental Reproductive Health

October 4, 2015, 10:00 AM – 4:00 PM  
Vancouver Convention Centre, Room 205-206  
**Summit Participant and Organizer Bios**

The American College of  
Obstetricians and Gynecologists  
WOMEN'S HEALTH CARE PHYSICIANS

Royal College of  
Obstetricians &  
Gynaecologists

Program on Reproductive  
Health and the Environment

**ROBERT W. ARMSTRONG MD, PhD, FRCPC**

Professor Armstrong joined the Aga Khan University (AKU) in June 2010 as the Abdul Sultan Jamal Professor of Paediatrics and the foundation dean of the Medical College in the Faculty of Health Sciences at the Aga Khan University in East Africa. He obtained a BSc degree from Simon Fraser University, an MD from McMaster University, and an MSc and PhD in Human Growth and Development from McMaster University. He completed specialty training in paediatrics and sub-speciality training in developmental paediatrics at McMaster University and the University of British Columbia. Prior to joining AKU, he was professor and head of the Department of Paediatrics at the University of British Columbia and chief of Paediatric Medicine at BC Children's & Women's Hospital. His other appointments included associate faculty at the School of Population and Public Health and senior associate clinical scientist at the Child and Family Research Institute. In 2010, Prof. Armstrong was appointed a fellow of the Canadian College of Health Sciences.

**Email: [Robert.Armstrong@aku.edu](mailto:Robert.Armstrong@aku.edu)**

**SIR SABARATNAM ARULKUMARAN MD**

Sir Arulkumaran is professor emeritus of obstetrics and gynaecology at St George's, University of London. He is president of the International Federation of Gynecology and Obstetrics (FIGO), 2012-15. He is a past president of both the British Medical Association (2013 – 2014) and the Royal College of Obstetricians and Gynaecologists (2007-10). In June 2009, Prof. Sir Arulkumaran was honoured in the Queen's Birthday Honours List and was appointed by Her Majesty the Queen a knight bachelor in recognition of his services to medicine. **Email: [sarulkum@sgul.ac.uk](mailto:sarulkum@sgul.ac.uk)**

**DUK-SOO BAE MD, MS, PhD**

Dr. Bae obtained his MD, MS, and PhD from Seoul National University (SNU) in South Korea and completed both his internship and residency at the SNU Hospital. He is a part of the clinical staff within the Department of Obstetrics and Gynecology at the Samsung Medical Center (SMC) and is a professor in the Department of Ob/Gyn at the Sungkyunkwan University School of Medicine. He is the chairman-elect for Korean Society of Obstetrics and Gynecology (KSOG) and the president of Korean Society of Gynecologic Oncology. Dr. Bae served as chairman of the SMC Ob/Gyn Department from 2001 – 2007 and again from 2009 – 2011. He was previously director of the Gynecologic Cancer Center at SMC, president of both the Korean Society of Gynecologic Endoscopy and Minimally Invasive Surgery and the Organizing Committee of the Asia-Pacific Association of Gynecologic Endoscopy (APAGE), and vice president of both the Korean Gynecologic Oncology Group and the Korean Society of Gynecologic Oncology. Dr. Bae also held the position of research associate at the Duke Comprehensive Cancer Center in

Durham, North Carolina between 1992 – 94. Dr. Bae has authored and co-authored numerous papers. **Email: [office@ksog.org](mailto:office@ksog.org)**

### FRANCISCO J. BERNARDEZ ZAPATA MD, FACOG

Dr. Bernárdez Zapata is professor of obstetrics and gynecology at the Hospital Español in Mexico City, Mexico. He is chairman of both the Obstetrics and the Ultrasound Departments at Hospital Español and is an associate professor of the Mexican Board of Obstetrics and Gynecology and the vice-treasurer of the Mexican Federation of Colleges of Obstetrics and Gynecology. Dr. Bernárdez Zapata has been vice-chairman of ACOG's Mexico Section since 2011 and was previously its secretary treasurer. He is a member of the Mexican College of Ob/Gyn Specialists and was previously its secretary. He received his formal training in ob/gyn at Hospital Español sponsored by the Universidad Nacional Autonoma de Mexico.

**Email:** [frann60@hotmail.com](mailto:frann60@hotmail.com) | **Website:** [www.ginecologosdf.com](http://www.ginecologosdf.com)

### LUIS CABERO ROURA MD, FROG, FACOG

Dr. Cabero Roura is professor and chairman of obstetrics and gynecology at Autonomous University of Barcelona and head of the Department of Ob/Gyn at the Hospital Materno-infantil Valle Hebron in Barcelona, Spain. He is the chair of the Committee for Capacity Building in Education and Training at FIGO. He also served as vice-president of FIGO from 2003 – 2006. Dr. Cabero Roura is a member of 25 Scientific Societies. He has received numerous awards and in five occasions was nominated Doctor Honoris Causa by relevant international universities. He is an honorary professor of different universities and received the Award of Fellow ad eundem of RCOG as well as the award of Honorary Fellow of ACOG. He is an academic honorary in the International Academy of Perinatal Medicine, has published many papers in the peer review journals (Pubmed: Cabero L; Cabero Roura L; Roura LC), and has been the editor of 60 medical books, 256 book chapters, and 582 international presentations. **Email:** [lcaberor@sego.es](mailto:lcaberor@sego.es)

### ERNESTO CASTELAZO-MORALES MD

Dr. Castelazo-Morales, Vice-President of FIGO, obtained a Bachelor's degree in Medicine from the La Salle University's Mexican School of Medicine (1973-78). After completing undergraduate and graduate internships and social service as well as submitting his professional examination, he obtained specialization in ob/gyn at the Mexican Institute of Social Security's *Hospital de Gineco Obstetricia 4* (1980-83). He received his Board Certification in ob/gyn, conferred by the Mexican Board of Gynecology and Obstetrics in 1985, and has been recertified every five years as of 1992. He has taken sixty-one refresher courses in the areas of gynecology and obstetrics as well as in the area of teaching. Dr. Castelazo-Morales has been teaching for over forty years at various institutions, for refresher/updating courses, and at national and international scientific events. He is author of forty-six scientific articles published at the national and international level as well as of twenty-six book chapters. Dr. Castelazo-Morales has been editor for a number of ob/gyn and reproductive health journals. He was

previously a member of the International Advisory Board of the *American Journal Obstetrics and Gynecology* (2007-15). He has held many leadership roles including past president of the Mexican Association of Reproductive Medicine (1993-94) and of the Mexican Federation of Colleges of Obstetrics and Gynecology (2013-15). He was vice-chairman (1999-2002) and chairman of the Mexico Section of District VII of the American College of Obstetricians and Gynecologists (2002-05). Dr. Castelazo-Morales has received multiple awards for his work. **Email:** [ecastelazom@gmail.com](mailto:ecastelazom@gmail.com)

**ANNEMARIE CHARLESWORTH\*** MA – Summit facilitator

Ms. Charlesworth is a program evaluator and research specialist at the University of California, San Francisco (UCSF) National Center of Excellence (CoE) in Women's Health and the UCSF Philip R. Lee Institute for Health Policy Studies (IHPS). Ms. Charlesworth has been working on a seven-year long evaluation of the California Endowment Health Journalism Fellowship, conducted by the Annenberg School of Journalism at the University of Southern California, which aims to eliminate health disparities in underserved communities through the training of journalists reporting on health in those communities. Ms. Charlesworth has designed and carried out extensive evaluations of UCSF CoE programs and has provided evaluation technical assistance to academic-community partnership programs throughout the country. **Email: [Annemarie.Charlesworth@ucsf.edu](mailto:Annemarie.Charlesworth@ucsf.edu)**

**JAN CHRISTILAW** MD

As President of BC Women's Hospital, Dr. Christilaw is a powerhouse for advancing women's health in British Columbia (BC) and a global leader in maternal care. Her 25+ years of accomplishments include: President, Society of Obstetrics and Gynecologists of Canada; Expert Advisor, Canadian Institute for Health Information for Maternity; Clinical Professor, University of BC; Founding Chair, Aboriginal Maternity Committee; and, Chair, BC Consensus Panel on Cesarean Birth - all while delivering thousands of babies in BC. In recent years, she has been awarded the YWCA Women of Distinction Award in the Health and Wellness category, the BC Community Service Award, the Queen's Diamond Jubilee Medal, the National Leadership Award of the Federation of Medical Women, and International Surgery Volunteer of the Year award. She has been a strong advocate for midwifery in BC, and as leader of BC Women's, has worked to assure that respect for 'normal birth' is always a priority of care at the Hospital. Her work in preventative healthcare, combating maternal and newborn mortality, and promoting human rights exemplify her passion for helping others. She has positioned Vancouver as a global leader in maternal and newborn health care. Dr. Christilaw has trained and mentored hundreds of health professionals globally, including establishing emergency obstetrical training in Africa. Since starting medical school in 1978, and throughout her career, Dr. Christilaw has had an unwavering commitment to women's health and continues to be passionate about assuring that all women have access to tools for the best possible health, whether in British Columbia or in the most remote parts of the world. **Email: [jchristilaw@cw.bc.ca](mailto:jchristilaw@cw.bc.ca)**

**JEANNE A. CONRY\*** MD, PhD, FACOG - keynote speaker

Dr. Conry is the immediate past president of ACOG. She is spearheading efforts on the National Maternal Health Initiative, a comprehensive and collaborative project that addresses improved maternal health outcomes. Dr. Conry focused her presidential efforts on three key messages: 1) Quality and Safety in Maternity Care through improved standards and responses in obstetrics; 2) championship of Well Woman Health Care; a collaborative effort of organizations that provide women's health care to advance reproductive choice and health conditions for women to improve health outcomes before, between, and beyond pregnancy; and, 3) advocacy for guideline development and national policy reform that address the important role of reproductive health and the environment. She is a member of the Select Panel on Preconception Care for the Centers for Disease Control and Prevention. In 2012, Dr. Conry received the Environmental Achievement Award from the United States (U.S.) Environmental Protection Agency for her work on reproductive health

and the environment. In 2013, she received the Visionary Leadership Award from the UCSF Program on Reproductive Health and the Environment for her leadership in improving reproductive health by preventing harmful environmental exposures. In 2014, the U.S. House of Representatives acknowledged her accomplishments in women's health and entered a commendation into the Congressional Record. Dr. Conry has been a practicing ob/gyn at Kaiser Permanente for 26 years. She serves in a leadership capacity, as assistant physician-in-chief for Kaiser's Sacramento/Roseville region. She earned her MD from the University of California, Davis (UCD), where she also completed her residency. She earned a PhD in Environmental Population and Organismic Biology from the University of Colorado. She also serves as an associate clinical professor at UCD. **Email: [Jeanne.Conry@kp.org](mailto:Jeanne.Conry@kp.org)**

**KWABENA A. DANSO** BSc, MB ChB, FWACS, FGCS, FACOG (Hon)

Dr. Danso is professor of ob/gyn at Kwame Nkrumah University of Science and Technology School of Medical Sciences (KNUST SMS) and consultant ob/gyn at Komfo Anokye Teaching Hospital, Kumasi, Ghana. He received medical training at KNUST SMS and fellowship ob/gyn certification from the West African College of Surgeons. At KNUST, he was previously chairman of ob/gyn (2001-08), vice-dean (2007-08), dean (2008-11), and acting provost of the College of Health Sciences (2011). Dr. Danso is a member of the Ghana Medical Association, the Society of Gynecologists and Obstetricians of Ghana, and the University Teachers Association of Ghana. He is a foundation fellow of the Ghana College of Physicians and Surgeons and a founding fellow of the Reproductive Health and Family Planning subspecialty programme of the Ghana College. He also teaches Strategic Leadership and Management for Health Systems Transformation in the MPH/MSc programme in KNUST. He has made several academic exchange trips abroad including the University of Ulm Women's Hospital

Polyclinic, Ulm, Germany in November, 2001, and the Alfred C. Beck and Rhea B. Beck Visiting Professor to the Department of Ob/Gyn of the University of Michigan Medical School in May 2007. He is an honorary fellow of ACOG. Dr. Danso's interest is in medical education and reproductive health issues in the areas of obstetric fistula, safe pregnancy and birth, unsafe abortion and vertical transmission of viruses. He has several peer review articles in local and international journals. He has contributed to several textbooks and training manuals, is the lead editor of 'Comprehensive Reproductive Health and family planning in the tropics' (2014), and has been a reviewer for renowned journals. **Email: [kadanso1443@yahoo.com](mailto:kadanso1443@yahoo.com)**

**DITAS CHRISTINA D. DECENA** MD, MPH

Dr. Decena is a consultant for the Clinical Department Obstetrics & Gynecology at the University of Santo Tomas (UST) Hospital in Manila, Philippines. She is a professor within UST's Faculty of Medicine and Surgery for the departments of Anatomy, of Community Medicine, and of Clinical Epidemiology. She is the internal vice-president for UST's Faculty Association for the Faculty of Medicine and Surgery and a member of the UST Hospital's Committee on Pharmacovigilance. She is the president of the Philippine Obstetrical and Gynecological Society (POGS) and is a member of its ad hoc Committee on Code of Ethics as well as the speaker for POGS's project, Advocacy on Adolescent Health Issues and Perspectives. Dr. Decena is a member of several other medical and reproductive health societies and networks in the Philippines. She earned her medical degree and Bachelor of Science in Psychology at UST and a Master of Public Health at the University of the Philippines. She completed her residency and internship at the UST Hospital. She has written a publications and has received awards for her work. **Email address: [dduquedecena@hotmail.com](mailto:dduquedecena@hotmail.com)**

**MARK S. DEFRANCESCO\*** MD, MBA, FACOG

Dr. DeFrancesco, President of ACOG, has been a practicing ob/gyn in Waterbury, Connecticut since 1984. He serves on multiple boards including the board of directors of Physicians for Women's Health, LLC (PWH), which he co-founded, and which includes 200 ob/gyns throughout the state of Connecticut; he is a founding member of the board of Women's Health Connecticut and was its chief medical officer (1997 – 2014); he is a board member and a past president of the Accreditation Association for Ambulatory Health Care (AAAHC); he serves as treasurer on the board of the Accreditation Association for Hospitals and Health Systems ; and, he is the chair of the board of the Accreditation Association. He has been a longtime member of the Connecticut State Medical Society. Previously, Dr. DeFrancesco served on the board of the National Healthy Mothers, Healthy Babies Coalition. He is a past member of the board of trustees of the AAAHC's Institute of Quality Improvement. He is a past president of the New England Obstetrical and Gynecological Society. A graduate of Yale University, he received medical training at the University of Connecticut (UOC) and earned an MBA at the University of New Haven. He has published multiple articles and has been a frequent speaker on various clinical, patient safety, and "Business of Medicine" topics. He has presented seminars and courses at ACOG's annual clinical meetings. He is also an assistant clinical professor of ob/gyn at the UOC Health Center. Prior to becoming a physician, Dr. DeFrancesco served as a State Representative in the Connecticut Legislature. **Email: [markdefran@cox.net](mailto:markdefran@cox.net)**

### **NATHANIEL DENICOLA\*** MD, MSHP, FACOG

Dr. DeNicola is an obstetrician & gynecologist at the University of Pennsylvania and the liaison for ACOG to the American Academy of Pediatrics Executive Council on Environmental Health. He has also served on the ACOG Political Action Committee, Professional Liability Committee, and Committee on Obstetrical Practices. He completed a Master's in health policy research at the University of Pennsylvania as a Robert Wood Johnson Clinical Scholar (VA '11-'14) and is a senior fellow at the Leonard Davis Institute on Health Economics. He is also a senior fellow at the University of Pennsylvania Social Media and Health Innovation Lab, has published on the application of digital & social media in medical practice, and has been a featured speaker for ACOG and other national venues on the professional use of digital & social media. He aspires to further the integration of innovation and environmental health, particularly mobile devices and patient-generated data, to improve women's healthcare in ecologically sound methods. He

Completed his residency at the University of Tulane Hospital & Clinic, attended medical school at University of California, Irvine School of Medicine, and earned his undergraduate degree at the University of Notre Dame. **Email: [ndenicola@gmail.com](mailto:ndenicola@gmail.com)**

### **GIAN CARLO DI RENZO\*** MD, PhD, FRCOG (hon), FACOG (hon)

Dr. Di Renzo, Honorary Secretary of FIGO, is professor and chair at the University of Perugia (UOP) in Italy. He is director of both the Reproductive and Perinatal Medicine Center and the Midwifery School at UOP. He is also director of the Permanent International and European School of Perinatal and Reproductive Medicine (PREIS) in Florence. He holds multiple other positions including founder & editor-in-chief of the Journal of Maternal Fetal and Neonatal Medicine based in London and corresponding editor of the American Journal of Obstetrics and Gynecology. He is an advisory board member for the March of Dimes Foundation based in New York. Further, he is a fellow ad eundem of RCOG and an honorary fellow of ACOG. Dr. Di Renzo is an honorary professor and doctor honoris causa at universities throughout eastern Europe, South America, and the United States. He is an academic member of the Romanian and Russian Academy of Sciences. Dr. Di Renzo has received six awards for his work in reproductive, women, and children's health, scientific research, and teaching. His scientific production

comprises over 1,200 papers of which more than 300 have been cited in international journals and books. He has been an invited to speak in over 1,400 national and international congresses and meetings and in academic courses in over 100 countries.

**Email: [giancarlo.direnzo@unipg.it](mailto:giancarlo.direnzo@unipg.it)**

### **IVONNE J. DÍAZ YAMAL** MD, FACOG

Dr. Diaz Yamal is the scientific director of the Medically Assisted Procreation Fertility Unit within the Marly Clinic in Bogota, Colombia. She is the coordinator of the Gynecological Endocrinology Service at the Central Military Hospital and professor within the Faculty of Medicine at the Nueva Granada Military University. She is also coordinator of the gynecological endocrinology graduate and academic coordinator of the specialization in human reproduction programs at the Sanitas University Foundation. She is vice-president of the Bogota Association of Gynecology and Obstetrics (ASBOG) as well as a member of health professional societies in Colombia and abroad including the European Society of Human Reproduction and Embryology (ESHRE) and the American Society for Reproductive Medicine (ASRM). Dr. Diaz Yamal obtained medical training at the Del Rosario University School of Medicine (1981-86) and the University of Cauca (1989-91). Since then she has completed additional medical training at various universities including institutions in Paris,

France. Dr. Diaz Yamal has authored numerous papers and has presented at, or participated in, various national and international conferences. **Email: [idiazyamal@gmail.com](mailto:idiazyamal@gmail.com)**

## YIRGU GEBREHIWOT MD, MSc

Dr. Gebrehiwot is an associate professor and consultant at the Addis Ababa University School of Medicine Department of Obstetrics and Gynecology in Addis Ababa, Ethiopia. In addition to a medical degree, he has a Master of Science in Epidemiology and Biostatistics. Dr. Gebrehiwot is the first and current president of the African Federation of Obstetrics & Gynecology (AFOG), which was launched October 8, 2012 during the XX FIGO World Congress in Rome, Italy. In October of 2013, FIGO had its first Africa Regional Conference of Gynecology and Obstetrics in Addis Ababa. Dr. Gebrehiwot was President of the conference as well as a member of the Organizing, Scientific, and Local Committees. Dr. Gebrehiwot is the immediate past president of the Ethiopian Society of Obstetricians & Gynecologists (ESOG). **Email: [yirgug@yahoo.com](mailto:yirgug@yahoo.com)**

## LINDA C. GIUDICE\* MD, PhD

Dr. Giudice is a distinguished professor and chair of Obstetrics, Gynecology, and Reproductive Sciences at the University of California, San Francisco. She is a biochemist and reproductive endocrinologist specializing in endometriosis and infertility. Her research focuses on endometrial function and regeneration, placental-uterine interactions and environmental impacts on reproductive health. She has mentored over 200 students, fellows and faculty, authored more than 275 peer-reviewed publications, and is co-editor of five textbooks on women's health, reproductive environmental health, endocrinology, endometrium, and endometriosis. She is ASRM's past-president and the current president of the World Endometriosis Society. Dr. Giudice is on the March of Dimes Scientific Advisory Council and is an elected member of the U.S. National Academy of Medicine. **Email: [Linda.Giudice@ucsf.edu](mailto:Linda.Giudice@ucsf.edu)**

## ROBERT GOULD MD

Bob Gould graduated from Albert Einstein College of Medicine, and from 1981 – 2012 worked as a pathologist at Kaiser Hospital in San Jose, California. In 2012, Bob was appointed as an associate adjunct professor in the Department of Obstetrics, Gynecology, and Reproductive Sciences at the University of California, San Francisco (UCSF) School of Medicine, where he is director of Health Professional Outreach and Education for the UCSF Program on Reproductive Health and the Environment (PRHE). Since 1989, he has been president of the San Francisco-Bay Area Chapter of Physicians for Social Responsibility (PSR), and has served as president of National PSR in 2003 and 2014. Since 1986, Bob has been a key member of the Peace Caucus of the American Public Health Association (APHA), for which he has been chairperson for numerous years. In 2009, APHA awarded Bob the prestigious Sidel-Levy Peace Award. Bob has been recognized as an expert on the health impacts of nuclear weapons and the role of medical professionals in environmental health. authoring numerous publications. Since 1992 Bob has been a leading member of the

Environmental Committee of the Santa Clara County chapter of the California Medical Association (CMA), and through this work he has authored and submitted many environmental health resolutions adopted by CMA as policy. For his work within CMA, he received the Santa Clara County Medical Association's "Outstanding Contribution in Community Service" award in 2001, and "Outstanding Contribution to the Medical Society," award in 2012. **Email: [Robert.Gould2@ucsf.edu](mailto:Robert.Gould2@ucsf.edu)**

## EGHON GUZMAN MD, FACOG, FSOGC

Dr. Guzman helped establish ACOG's Chilean Chapter of which he was the first chair. He is also a past president of the Chilean Society of Obstetrics and Gynecology (SOCHOG). He is an honorary member of SOCHOG, the Society of Obstetricians and Gynaecologists of Canada (SOGC), and the Bolivian Society of Obstetrics and Gynecology. **Email: [eguzmanb@gmail.com](mailto:eguzmanb@gmail.com)**

### **KAREN T. HARRIS** MSN, RN, WHNP-BC

Karen T. Harris is the president of the Association of Women's Health, Obstetric and Neonatal Nurses (AWHONN). She is the chief nursing and operations executive at Henry Ford West Bloomfield Hospital in Michigan. Karen has over twenty-seven years of experience, serving in a multitude of roles including women's health nurse practitioner, clinical nurse specialist, regional perinatal coordinator, and administrator. She served as a consultant for Dynamics Research Corporation and AWHONN Consulting Group. Karen is a published author and a national speaker. She earned her Bachelors of Science in Nursing and Masters of Science in Nursing: Parenting and Families from Wayne State University in Detroit, Michigan. Karen has been awarded the Nightingale Award from Oakland University for Education and Research. **Email: kharri11@hfhs.org**

### **ELIZABETH HARROLD** RN, MSc

Elizabeth Harrold obtained her Master's degree in Health Sciences at McMaster University in Hamilton, Ontario. She has extensive experience in instructional design, delivery, and evaluation of education programs in health in international settings, providing a high degree of sensitivity to, and understanding of, the values and traditions of other cultures. Her primary areas of research are curriculum design and evaluation, and integration of culture into nursing practice. Elizabeth has designed and delivered customized workshops promoting awareness of cultural sensitivity. Elizabeth joined the Pacific Regional Nursing team, First Nations & Inuit Health Branch of Health Canada in 2004. She was employed as the clinical nurse specialist (CNS) in Maternal/Child Health, one of twenty-eight new National CNS positions under the transformation strategy. She also held a cross-appointment as an adjunct professor in the School of Nursing at the University of British Columbia. Elizabeth is a

member of several professional organisations including the Society of Obstetricians and Gynaecologists of Canada (RN Associate member) and AWHONN. She represents nursing interests on the SOGC Aboriginal Affairs Committee. **Email: etorr@shaw.ca**

### **HONG-NERNG HO** MD

Dr. Ho is professor in the Department of Obstetrics and Gynecology and the Graduate Institute of Immunology at the National Taiwan University Hospital (NTUH). He is the superintendent of NTUH. He is the current president of the Taiwan Association of Obstetrics and Gynecology (TAOG). Dr. Ho received his medical degree from the National Taiwan University in 1979. He was a research associate in the Department of Pathology at the University of Pittsburgh, between 1984-1987, and a visiting scholar in the Department of Medicine, Cellular Immunology & Cytometry at the University of California, Los Angeles, School of Medicine, between 1991-1992. Dr. Ho has held leadership roles in many other reproductive health societies. He specializes in stem cell research and reproductive medicine. **Email: hnho@ntu.edu.tw**

### **MING-CHAO HUANG** MD

Dr. Huang, Secretary General of the Taiwan Association of Obstetrics and Gynecology (TAOG), is within the Department of Obstetrics and Gynecology at Mackay Memorial Hospital in Taipei, Taiwan. **Email: had36586@gmail.com**

### MITSUTOSHI IWASHITA MD, PhD

Dr. Iwashita is Professor and Chairman of the Department of Obstetrics and Gynecology at the Kyorin University School of Medicine and Director of the Kyorin University Hospital in Tokyo, Japan, where he was previously Director of the Maternal and Perinatal Center. He is Chief of the Division of Reproductive Medicine in the Maternal and Perinatal Center of the Tokyo Women's Medical College. He is currently the Auditor and Supervisor of the Japan Society of Obstetrics and Gynecology (JSOG) and was previously its Executive Board's Vice Chairman. He is also a member of other medical and reproductive health professional societies in Japan as well as of the Endocrine Society. Dr. Iwashita obtained his MD and PhD from the Keio University School of Medicine in Tokyo. In addition to his work in Japan, Dr. Iwashita spent some time in the United States, between 1981-84 as a Research Fellow at the Department of Ob/Gyn in the University of Southern California, School of Medicine in Los Angeles, California, and after that as a Visiting Research Fellow at ERB, NICHD, and NIH in Bethesda, Maryland. He has authored and co-authored multiple papers. **Email: iwashita@ks.kyorin-u.ac.jp**

### WILLIAM J. KEENAN MD, FAAP

Dr. Keenan is professor of pediatrics and obstetrics and gynecology and director of perinatal outreach at Saint Louis University in Saint Louis, Missouri. He is director of the Southern Illinois Perinatal Education and Quality Improvement Program. Since 2010, Dr. Keenan has been the executive director of the International Pediatric Association (IPA). He was previously the North American representative and chair of the Child Health Advocacy Committee at IPA as well as director of the Office of International Affairs at American Academy of Pediatrics (AAP). In his work with AAP, he helped establish the Neonatal Resuscitation Program (NRP), a training program for trainers who go on to teach birth attendants the skills of neonatal resuscitation. The NRP has changed the focus of early newborn care in North America and has trained over 3 million providers. China and India have also implemented NRP through the Freedom of Breath, Fountain Life and Helping Babies Breathe, The First Golden Minute Programs, respectively. Dr. Keenan is a steering committee member for both programs. Dr. Keenan received his medical degree at Loyola University in Chicago, Illinois. He has been recognized for his work in providing care to women and children, in teaching, in the NRP, and in child health advocacy. **Email: keenanwj@slu.edu**

### JANG HEUB KIM MD, MS, PhD

Dr. Kim, Chairman of the Board for the Korean Society of Obstetrics and Gynecology (KSOG), earned his MD, MS, and PhD at the Catholic University Medical College (CUMC) in Seoul, Korea, and completed both his internship and residency at the CUMC Hospital. He is currently professor and chairman of the Department of Obstetrics and Gynecology at CUMC and a member of the National Academy of Medicine of Korea. Dr. Kim is also a member of various medical and ob/gyn professional societies in Korea as well as of the American Society for Reproductive Medicine (ASRM) and the American Association of Gynecologic Laparoscopists (AAGL). Dr. Kim has authored and co-authored numerous papers. His previous positions include director of the Ob/Gyn Department at Seoul St. Mary's Hospital Catholic Medical Center, research fellow in the Division of Reproductive Endocrinology in the Ob/Gyn Department at the Harvard University School of Medicine in Cambridge, Massachusetts, and captain/medical officer for the Korean Army. **Email: office@ksog.org**

### BRUCE LANPHEAR MD, MPH

Dr. Lanphear is a clinician scientist at the Child & Family Research Institute of the British Columbia (BC) Children's Hospital and professor in the Faculty of Health Sciences at Simon Fraser University in Vancouver, BC. His primary goal is to help quantify and ultimately prevent disease and disability - like asthma, learning problems and ADHD - due to exposures to environmental contaminants and pollutants. Over the past decade, Dr. Lanphear has become increasingly vexed by our inability to control the "pandemic of consumption" – the largely preventable, worldwide epidemic of chronic disease and disability due to industrial pollutants, environmental contaminants, and excess consumption. He is leading an effort to build an online atlas of environmental health to enhance public understanding of how environmental influences impact human health.

**Email:** [bpl3@sfu.ca](mailto:bpl3@sfu.ca)

### HAL C. LAWRENCE III MD

Dr. Lawrence is the executive vice-president and CEO of ACOG. Dr. Lawrence received his undergraduate degree at Vanderbilt University, attended medical school at Indiana University, and did his residency training at the University of North Carolina, Chapel Hill. Following residency training, Dr. Lawrence was in private practice in Asheville, North Carolina, and a professor of ob/gyn at the University of North Carolina. He helped found an ACGME-approved ob/gyn residency training program in Asheville at the Mountain Area Health Education Center (MAHEC) in 1992. Dr. Lawrence chaired that department and program until coming to ACOG in the fall of 2007 to serve as the vice-president for Practice Activities. In 2011, he was promoted to executive vice-president. Dr. Lawrence is active in many national and international medical organizations, has served as an examiner for the American Board of Obstetrics and Gynecology, and is a reviewer for the journal, *Obstetrics and Gynecology*. **Email:** [HLawrence@acog.org](mailto:HLawrence@acog.org)

### ALBERT LILA MD

Dr. Lila is the secretary of the Kosovo Obstetrics and Gynaecology Association (KOGA). He is currently the executive director of a local non-governmental organization in Gjakova, Kosovo. He obtained his medical degree at the University of Prishtina and is currently a PhD candidate at the University of Zagreb in Croatia. He is also in a master's program for Health Management Systems through London Public School's distance learning program. His previous positions include professor of Surgery and Gynecology at the High Secondary Medical School Hysni Zajmi in Gjakove and medical doctor at the Regional Hospital in Gjakova. He has managed health program projects funded by the European Agency for Reconstruction in Prishtina and has been an advisor to the Municipality of Gjakova for human resources development. **Email:** [algkos@yahoo.com](mailto:algkos@yahoo.com)

**TAHIR MAHMOOD** CBE, MD, FRCPI, FRCOG, FFSRH, MBA, FRCPE, FRCOG

Dr. Mahmood is the president of the European Board & College of Obstetrics and Gynaecology (EBCOG). He is a consultant obstetrician and gynaecologist at the Victoria Hospital in Kirkcaldy, Fife, Scotland. He is also a clinical senior lecturer in ob/gyn at the Scotland Universities of Edinburgh, St. Andrews, and Dundee. Dr. Mahmood is a past standards vice-president of the Royal College of Obstetricians & Gynaecologists (RCOG), 2007-10. He continues to be an active member of RCOG as a regional advisor for Scotland (2011-17). **Email: [tmahmood@rcog.org.uk](mailto:tmahmood@rcog.org.uk)**

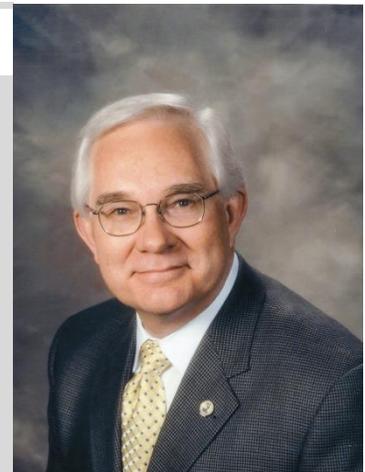

**PRESTON MARING** MD

Dr. Maring joined the University of California, San Francisco Program on Reproductive Health and the Environment in 2015 as an associate adjunct professor. Before this, he was an associate physician-in-chief at the Kaiser Permanente Medical Center in Oakland, California. He retired from Kaiser at the end of 2013. While at Kaiser, Dr. Maring started the nation's first organic farmers market at a hospital for the benefit of staff, patients, visitors, farmers, and the local community. The success of this first market opening in 2003 inspired Kaiser Permanente employees at multiple facilities in seven U.S. states and in Washington, DC to create their own markets. The innovation and spirit of the local facility sponsors resulted in different market models, community outreach, and a program-wide focus on healthy eating. Dr. Maring personally supported the development of many of these markets of which there are now over fifty. And, at least another fifty have started at

health care institutions. Dr. Maring also created a program in 2013 to make healthy, tasty, disease-specific prepared meals available for home delivery to Kaiser Permanente members throughout Northern California when access to healthy food is difficult. The program is scalable to all Kaiser Permanente regions and any other community. Dr. Maring believes that the availability of healthy food choices is fundamentally important for all people, that real food cooked at home is the best diet, and that a sharp chef's knife and a cutting board may be the best public health tools we have. **Email: [Preston.Maring@ucsf.edu](mailto:Preston.Maring@ucsf.edu)**

**JAMES N. MARTIN JR.\*** MD, FACOG, FRCOG

Dr. Martin was professor of ob/gyn, director of the Division of Maternal-Fetal Medicine (MFM) for the Winfred L. Wiser Hospital for Women & Infants, and vice-chair for Research and Academic Development at the University of Mississippi Hospitals and Clinics in Jackson until he retired from full-time clinical practice in 2014. He holds an MD degree from the University of North Carolina. After ob/gyn residency at Chapel Hill, North Carolina, and two fellowships, one in Stockholm for the World Health Organization in reproductive physiology, and the second in Dallas, Texas, for MFM subspecialty education and training at Parkland Hospital, Dr. Martin was an active clinician, educator, administrator, and investigator with a primary focus of interest in hypertensive complications of pregnancy. He has more than 700 scientific publications and communications of various types to his credit over the past forty-one years. He is a fellow of multiple organizations including ACOG and an honorary fellow ad eundem of RCOG. He is past president of the North American Society for the Study of Hypertension in Pregnancy (1997 – 2000), the Society for Maternal-Fetal Medicine (2000-01), and ACOG (2010-13). Currently, Jim continues to write, teach, and play an active role in Ob/Gyn-MFM within ACOG, FIGO, the March of Dimes, and the Mississippi Perinatal Quality Collaborative. **Email: [jmartin6@comcast.net](mailto:jmartin6@comcast.net)**

**KELLY A. MCCUE\*** MD, FACOG

Dr. McCue is based in Sacramento, California, and is a practicing obstetrician and gynecologist within the Permanente Medical Group. She obtained her medical education from the University of Cincinnati, College of Medicine in Cincinnati, in Ohio, and relocated to California to complete her internship and residency at the University of California, Davis Medical Center in Sacramento. She is a fellow of the American College of Obstetricians and Gynecologists and is currently the Secretary for ACOG's District IX. She also serves as the Specialty Delegation Vice-Chair for the California Medical Association (CMA). Through ACOG and CMA, Dr. McCue works to protect the health of women in the state of California as well as in the United States via legislative processes. **Email: [kelly.mccue@kp.org](mailto:kelly.mccue@kp.org)**

**SUSAN C. NAGEL** PhD

Dr. Nagel is an associate professor in Obstetrics, Gynecology and Women's Health at the University of Missouri Health System, School of Medicine in Columbia, Missouri, United States. She has the joint appointment there of adjunct assistant professor in the Division of Biological Sciences. Dr. Nagel's research interests include developmental origins of adult disease and fetal programming, endometriosis, and estrogen action. Her work focuses on how chemicals in the environment can disrupt normal hormonal activities. She is a member of the Endocrine Society and is the Society's nominated representative at this Summit. **Email: [nagels@health.missouri.edu](mailto:nagels@health.missouri.edu)**

**SHILPA NAMBIAR** MD, MRCPI, MRCOG

Dr. Nambiar is an obstetrician and gynecologist at Hospital Ampang, in Selangor, Kuala Lumpur, Malaysia. She is an honorary Lecturer at the Universiti Tunku Abdul Rahman and the Malaysian Representative Council for the Royal College of Obstetricians and Gynaecologists. Among her previously held positions are clinical fellow in Ob/Gyn at the University College London Hospitals, council member of the Obstetrical and Gynecological Society of Malaysia (OGSM), and ob/gyn at the Ministry of Health Malaysia. Dr. Nambiar obtained her medical degree from University Sains Malaysia and ob/gyn specialist degrees from RCOG and the Royal College of Physicians of Ireland (RCPI). **Email: [drshilpa.nambiar@gmail.com](mailto:drshilpa.nambiar@gmail.com)**

**FIDELE NGABO** MD

Since 2008, Dr. Ngabo has been the head of division of the Maternal, Child, and Community Health Unit at the Ministry of Health in Rwanda. He is responsible for improving reproductive health, family planning, child health, immunization services, and nutrition. Prior to his current position, Dr. Ngabo was the director of the Expanded Program of Immunization, a position he was promoted to after achieving high coverage immunization and successfully introducing the pneumococcal vaccine into routine immunization. Before this, Dr. Ngabo served as the director of training and guideline update at the Center for HIV Research and Training. He worked to develop and implement guidelines on HIV treatment, including ARV provisions. Dr. Ngabo began his career at Kigali Teaching Hospital in Rwanda, where he worked in the Emergency Department. Dr. Ngabo was recognized by GAVI in 2012 for the successful introduction of new vaccines, including pneumococcal and rotavirus vaccines, and for the reduction in child mortality, under Millennium Development Goal 4. He was also the 2012 recipient of the Resolve Award for service delivery for the efforts made towards family planning and universal access to reproductive health services from the World Health Assembly and the 2008 recipient of the PACE Global Leadership Award for championing pneumococcal disease prevention. In addition to his medical degree, Dr. Ngabo holds a master's in epidemiology and is currently completing a PhD in epidemiology. **Email: [ngabog@gmail.com](mailto:ngabog@gmail.com)**

### **BIODUN OLAGBUJI MD, MBBS, MPH**

Dr. Olagbuji is currently a doctoral candidate at the Women's Health Research Unit, School of Public Health and Family Medicine, University of Cape Town, South Africa. He received his MBBS from University of Benin, Nigeria. He is a fellow of the West African College of Surgeons and National Postgraduate Medical College of Nigeria (faculty of Obstetrics and Gynaecology). After his clinical residency training in obstetrics and gynaecology, Dr. Olagbuji proceeded to Johns Hopkins University in Baltimore, Maryland, for a master's program in public health program with a concentration in women's and reproductive health. Since 2012, Dr. Olagbuji has been an academic staff of Ekiti State University, Nigeria. He is currently focussing on understanding the contraceptive needs of adolescent girls living with HIV in South Africa.

**Email: [biodun\\_olagbuji@yahoo.com](mailto:biodun_olagbuji@yahoo.com)**

### **EDGAR IVAN ORTIZ LIZCANO MD**

Dr. Ortiz Lizcano is president of FECOLSOG - Colombian Federation of Obstetrics and Gynecology President of FLASOG - Latin American Federation of Obstetrics and Gynecology. He holds a surgeon degree (1978); an obstetrics and gynecology specialist degree and an MA in Public Health (2009) from Valle University. He also has a graduate degree in perinatology from the University of the Oriental Republic of Uruguay (1983). He has been president of the Colombian Federation of Perinatology, secretary of Municipal Public Health of Santiago de Cali, and president of the Valle del Cauca Association of Gynecology and Obstetrics, among others.

**Email: [ortizedgarivan@gmail.com](mailto:ortizedgarivan@gmail.com)**

### **ALEJANDRO A. PARADAS CABA MD, MSc, FACOG, FACS**

Dr. Paradas Caba is Professor at the Department of Gynecology and Obstetrics at the Universidad Iberoamericana, (UNIBE) and at the Ob/Gyn Department of the Autonomous University of Santo Domingo (UASD). He is Head of the Department of Reproductive Medicine Service and Laparoscopic Surgery at the Maternity Hospital Nuestra Señora de la Altagracia, and Director of its International Training Center in Sexual and Reproductive Health. He is Chairman of the Dominican Republic section of the American College Obstetricians and Gynecologists through 2017. He is a member of multiple ob/gyn societies in Central and South Americas. Previously, Dr. Paradas Caba was President of the Dominican Society of Obstetrics and Gynecology (2000-02); President of the Central American Federation, Mexico and Caribbean Climacteric and Menopause, FRASCYM (2011-14); and, President of the Dominican Society for the Study of Menopause and Menopause, SODECYM (2005-10). Dr. Paradas Caba graduated from the Autonomous University of Santo Domingo. He obtained a post degree and a subspecialty

training in gynecological endocrinology at La Altagracia Maternity Hospital. He also earned a master's in Higher Education at UNIBE. Dr. Paradas Caba is a lead author of more than thirty multicenter studies published in indexed journals.

**Email: [aparadas@codetel.net.do](mailto:aparadas@codetel.net.do)**

### LARRY RAND MD

Dr. Rand is a perinatologist and the current director of the UCSF Fetal Treatment Center, one of the few centers worldwide performing fetal surgery for anomalies etc. Focused on transdisciplinary interventions, he leads a team that looks at cervical collagen density changes as an early silent predictor of preterm birth, testing a patient-centered wireless pilot prototype device through his project 'smart diaphragm'. Dr. Rand is also the PI of the Preterm Birth Initiative (PTBi), a new transdisciplinary cross-sector program based at UCSF which will take a human-centered, place-based, highly collaborative approach to work in partnership with at-risk communities to optimize proven interventions (and test new ones) in an effort to reduce population-level burden of prematurity over the next 10 years. The initiative is committed to innovations in neonatal transitions (in-utero to ex-utero; hospital to home), particularly in infants for whom pregnancy ended too soon.

**Email:** [Larry.Rand@ucsf.edu](mailto:Larry.Rand@ucsf.edu)

### DAVID RICHMOND\* MD, FRCOG, FRCPE, FFMLM

David Richmond, President of RCOG (2013-2016), is a consultant urogynaecologist at the Liverpool Women's Hospital and was LWH's medical director for seventeen years (1993 – 2010), prior to becoming vice president (Clinical Quality) of RCOG. While RCOG's VP, he published *High Quality Women's Health* (2011), a proposal for developing a public health life-course approach to care combined with implementing networks for delivery. He championed the production of the first RCOG national Maternity Clinical Indicators Report for England. This will act as a template for further national reports to include other aspects of clinical performance. David has promoted clinical quality initiatives and audits at a national level and has encouraged RCOG to develop quality improvement projects (e.g., Each Baby Counts and Perineal Trauma – 2015). He has a strong track record in workforce planning and authored the RCOG report on the Future Workforce in Obstetrics and Gynaecology for England and Wales (2009). This led to the Safer Women's Healthcare Working Party which reviews national standards for maternity care and also gynaecology with a particular emphasis on service delivery. David is also vice chair of the Academy of Medical Royal Colleges and council member and fellow of the Faculty of Medical Leadership and Management. He has developed strong links with the UK Government ministers in areas of mutual benefit, the Care Quality Commission, and NHS England. **Email:** [president@rcog.org.uk](mailto:president@rcog.org.uk)

### ELISABETH RUFFINENGO\* LLM

Ms. Ruffinengo is health and environment advocacy & project manager for the European network of NGO's Women in Europe for a Common Future (WECF). She has an LLM in European and international law, and protection of human rights. She joined WECF in 2009 and is in charge of advocacy and projects development in the field of chemicals and health, and environmental health at the national, European, and international level. She represents WECF in several negotiations/processes as well as during hearings and conferences dealing with environmental health (biocides, health and environment action plans, etc.). She planned and took part in the organization of several events all dealing with science, chemicals, health and prevention of populations' exposure to chemicals of concern and other risk factors, especially dealing with women's reproductive health, endocrine disruptors, and children's health. She is an active member

of the Endocrine Disrupting Chemicals (EDC)-Free European coalition of NGOs. She is the author of the news section article of [www.projetnesting.fr](http://www.projetnesting.fr) and other articles and position papers, and is blogger invited by Huffington Post France since 2013.

**Email:** [elisabeth.ruffinengo@wecf.eu](mailto:elisabeth.ruffinengo@wecf.eu)

### REBECCA Z. SOKOL MD, MPH

Dr. Sokol is currently president of the American Society for Reproductive Medicine. She is professor of obstetrics and gynecology and medicine at the Keck School of Medicine of the University of Southern California. Dr. Sokol's research focuses primarily on male reproductive endocrinology and fertility and reproductive toxicology. The NIH supported Dr. Sokol's research for over 30 years, and she has received many awards for her research. Her clinical expertise has been recognized by her selection as an outstanding clinician in numerous publications. Dr. Sokol is a frequent reviewer for many scholarly journals and granting organizations and has served as an advisor to the NIH, CDC, and National Toxicology Program. She has delivered over 100 invited talks and has authored or co-authored over 100 publications. She served as member of the Editorial Board of the *Journal of Andrology* and the Editorial Advisory Board of *Fertility and Sterility*. She is past president of the Pacific Coast

Reproductive Society and the Society of Male Reproduction/Urology. She has served on the board of directors of the American Society of Andrology and the board of directors of the American Society for Reproductive Medicine. Dr. Sokol is currently president of the American Society for Reproductive Medicine. **Email: [rsokol@usc.edu](mailto:rsokol@usc.edu)**

### FLORIN STAMATIAN MD

Dr. Stamatian is professor at, and head of, the Ob/Gyn Department at the University of Medicine and Pharmacy in Cluj-Napoca, Romania. He is a member of the Romanian Academy of Medical Sciences and the founding president of the Romanian Association of Perinatal Medicine. He is past president of both the South-East European Society of Perinatal Medicine and the Romanian Society of Obstetrics and Gynecology. In his 39-year career, he has advocated for the development of prenatal diagnosis and was part of the first team which introduced screening ultrasound in ob/gyn in 1976. He is a founding member of several organizations for perinatal medicine, co-director of Ian Donald Inter-University School of Ob/Gyn, Romanian branch, and a member of several international organizations including FIGO. He is also the founder of the Center of the Advanced, Fundamental and Clinical Imaging Studies for Long-Term Correlating the Intrauterine Development Parametres to the Neural-Psycho-Motive Status, along Development Up to Adulthood –IMOGEN, a multidisciplinary research center. Dr. Stamatian is president and founder of an NGO Provita Society with activities that help support and protect the mother and child. He has collaborated with other reproductive health professionals to put together scientifically grounded proposals to change policies that affect children and families. He has trained generations of students and authored books, book chapters, and over 150 articles. **Email: [florin\\_stamatian@yahoo.com](mailto:florin_stamatian@yahoo.com)**

### PATRICE SUTTON\* MPH

Ms. Sutton is a research scientist at the UCSF Program on Reproductive Health and the Environment (PRHE). She has twenty-seven years of experience in occupational and environmental health research, industrial hygiene, public health practice, policy development, and community-based advocacy. As a contractor to California's state health department from 1987 to 2006, she was responsible for conducting all aspects of research investigations spanning a disparate range of issues, including lead poisoning, tuberculosis, asthma, and pesticide-illness. She has extensive experience collaborating with directly-impacted workplace and community-based populations, labor, and governmental and non-governmental organizations in the development of research strategies and policy recommendations to prevent harmful environmental exposures. She also has extensive experience as a volunteer in support of communities and workers impacted by the nuclear weapons production cycle. Over the past seven years Ms. Sutton has built, led, and sustained the extensive partnerships that are at the heart of PRHE's outreach and translation activities. Ms. Sutton is also director of PRHE's Community Outreach and Translation Core and is responsible for moving the basic research generated by the NIEHS/EPA-funded Formative Children's Center at PRHE into preventative action in clinical and policy settings. She has published over fifty peer-reviewed scientific articles and government technical reports. **Email: [patrice.sutton@ucsf.edu](mailto:patrice.sutton@ucsf.edu)**

### TIM TAKARO MD, MSc

Dr. Takaro is a physician-scientist trained in occupational and environmental medicine, public health, and toxicology at Yale, the University of North Carolina, and the University of Washington. His research is primarily directed towards the links between human exposures and disease and determining public health based preventive solutions to such risks. His work includes use of biological and other markers for medical surveillance, exposure assessment, and disease susceptibility with a focus on immunologic lung disease, human health and war, clinical occupational and environmental and population resiliency in the health effects of climate change. His current research on human health and climate change focuses on water quality in British Columbian communities and on building and mapping watershed resilience in Nicaragua. Current research collaborations include projects in India, Iraq, Mongolia, Nicaragua, the United States, and Canada. **Email: [ttakaro@sfu.ca](mailto:ttakaro@sfu.ca)**

### SHERYL ZIEMEN VAN DER POEL\* PhD

Dr. van der Poel is a scientist with the World Health Organization. She works at the WHO Headquarters in Geneva, Switzerland, for the Department of Reproductive Health and Research, which includes the Human Reproduction Programme (the UNDP/UNFPA/UNICEF/WHO/World Bank Special Programme of Research, Development and Research Training in Human Reproduction). **Email: [vanderpoels@who.int](mailto:vanderpoels@who.int)**

### JUAN DIEGO VILLEGAS-ECHEVERRI MD, FACOG

Dr. Villegas-Echeverri is an obstetrician and gynecologist at Clínica Comfamiliar, in Pereira, Colombia, within the Gynecological Laparoscopy Unit and Advanced Pelvic Pain (Unidad de Laparoscopia Ginecológica Avanzada y Dolor Pélvico - ALGIA). He is president of the Colombian Federation of Obstetrics and Gynecology, chair of ACOG's Colombia Section, and a member of the Scientific Committee for the FIGO 2015 World Congress. **Email: [jvillegas@comfamiliar.com](mailto:jvillegas@comfamiliar.com)**

### TRACEY WOODRUFF\* PhD, MPH

Dr. Woodruff is a professor within the department of Obstetrics, Gynecology, and Reproductive Sciences, and Philip R. Lee Institute for Health Policy Studies, at the University of California, San Francisco. She is director of the Program on Reproductive Health and the Environment. She has done extensive research and policy development on environmental health issues, with a particular emphasis on early-life development. Her research includes evaluating prenatal exposures to environmental chemicals and related adverse pregnancy outcomes, and characterizing developmental risks. She has authored numerous scientific publications and book chapters, and has been quoted widely in the press, including USA Today, the San Francisco Chronicle, and WebMD. Dr. Woodruff is also an associate editor of Environmental Health Perspectives. In 2012, she was appointed by

the governor of California to the science advisory body, the Developmental and Reproductive Toxicant (DART) Identification Committee. In 2014, she received the Science Award from the Children's Environmental Health Network. Dr. Woodruff previously worked at the U.S. EPA, where she was a senior scientist and policy advisor in the Office of Policy and author of numerous government documents. **Email: [tracey.woodruff@ucsf.edu](mailto:tracey.woodruff@ucsf.edu)**

### **JOO HEE YOON MD, MS, PhD**

Dr. Yoon, Secretary General of KSOG, is associate professor in the Division of Gynecologic Oncology, Department of Obstetrics & Gynecology at St. Vincent's Hospital, College of Medicine, a part of the Catholic University of Korea in Suwon, South Korea. At the University's Ob/Gyn Department, Dr. Yoon is also chair of the International Communication Committee and secretary general for the Oncology Division. Dr. Yoon earned his MD, MS, and PhD degrees and completed his internship and residency at the Catholic University of Korea in Seoul. In addition to KSOG, he is a member of various Korean ob/gyn and medical professional societies as well as the Society of Gynecologic Oncology (SGO) and the European Society of Gynaecological Oncology (ESGO). He is a board member of Clinical Guidelines at the Korean Academy of Medical Sciences, executive director of the Korean Urogynecologic Society, and director of the Medical Support Center of St. Vincent's Hospital. Dr. Yoon's previous positions include visiting professor at POSTECH (Pohang University of Science and Technology). He served the Korean Army Service as a military surgeon for three years between 1996 through 1999. Dr. Yoon has

authored and co-authored a numerous papers. **Email: [office@ksog.org](mailto:office@ksog.org)**

### **MARYA ZLATNIK MD, MMS**

Dr. Zlatnik is professor of Obstetrics, Gynecology, & Reproductive Sciences at the University of California, San Francisco (UCSF), and a maternal fetal medicine specialist, with clinical expertise in ultrasound and the diagnosis of fetal anomalies. She has a long-standing interest in environmental toxins and their effect on pregnancy. She has been a member of UCSF's Program on Reproductive Health and the Environment (PRHE) and a FASTEP (From Advancing Science to Ensuring Prevention) advisory council since 2008, as well as the associate director of UCSF's fellowship in Maternal Fetal Medicine. She is the associate director for the Maternal Fetal Health and the Environment Program of the UCSF Pediatric Environmental Health Specialty Unit (UCSF PEHSU). Her research interests include

obstetrical complications and environmental toxins in pregnancy. Dr. Zlatnik earned her medical degree at the University of Iowa and completed a residency in obstetrics and gynecology, a fellowship in maternal-fetal medicine, and a master's program in medical science at the University of Texas Medical Branch in Galveston. **Email: [marya.zlatnik@ucsf.edu](mailto:marya.zlatnik@ucsf.edu)**

**Additional Contributors:**

**NATALYN DANIELS\***

Natalyn is a research assistant at the University of California, San Francisco Program on Reproductive Health and the Environment (UCSF PRHE), where she supports the Research Translation team. She received a BA in Cognitive Science from the University of California, Berkeley in 2011 and became interested in reproduction and environmental health through her work as an ambulance emergency medical technician and her previous research analyst appointment in the Division of Adolescent and Young Adult Medicine at UCSF.

Natalyn is a certified emergency medical technician and also an EMT instructor. **Email: natalyn.daniels@ucsf.edu**

**SUSAN LAMONTAGNE**

Susan is the president and creative director of Public Interest Media Group (PiMG). She is currently managing UCSF PRHE's communications efforts in relation to this Summit and the FIGO World Congress. **Email: susan@publicinterestmedia.com**

**HAZEL TESORO\***

Hazel is an administrative analyst at UCSF PRHE and supports its Director, Dr. Tracey Woodruff. She has also assisted PRHE's Research Translation team particularly during its collaboration with FIGO to arrange this Summit. Hazel holds a BA degree in Environmental Science from Mills College, in Oakland, California.
