Science Associate

Program on Reproductive Health and the Environment

Obstetrics, Gynecology and Reproductive Sciences

University of California, San Francisco

Full Time

Requisition: 51309BR

Job Summary

JOB OVERVIEW

The PRHE Science Associate, Science & Policy in the Program on Reproductive Health and the Environment (PRHE) is responsible for contributing substantive science and policy work to an innovative academic program on research translation focused on reproductive environmental health at UCSF. The position is within the Department of Obstetrics, Gynecology and Reproductive Sciences (Ob/Gyn & RS).

OBSTETRICS, GYNECOLOGY, AND REPRODUCTIVE SCIENCES / PRHE

The Department of Obstetrics, Gynecology and Reproductive Sciences (Ob/Gyn & RS) is a major academic Department in the School of Medicine, engaged in clinical, research and training activities at the Parnassus, Mt. Zion and San Francisco General Hospital campuses, the new Betty Irene Moore Women's Hospital at Mission Bay, as well as satellite locations throughout the Bay Area, with an annual operating budget of \$129 million. The Department has 100 full-time faculty, 117 other academic appointees, 13 post-doctoral fellows, 20 clinical fellows, 32 residents, 138 voluntary clinical faculty and 270 staff. The mission of the UCSF Department of OBGYN & Reproductive Sciences is to improve the lives and health of all women through excellence, innovation and leadership in Patient Care, Scientific Discovery, Education and Advocacy. "Leading the way in women's health."

PRHE

The UCSF Program on Reproductive Health and the Environment (PRHE) advances scientific inquiry, professional training, public education, and health policies that reduce the impacts of environmental contaminants on reproductive and developmental health. We are a fast-paced and committed team conducting novel research linking developmental exposures to environmental chemicals to health and creating new methods for research translation in environmental health science. We seek to foster and promote student and professional interest and capacity in environmental health research, policy and education.

ABOUT UCSF

The University of California, San Francisco (UCSF) is a leading university dedicated to promoting health worldwide through advanced biomedical research, graduate-level education in the life sciences and health professions, and excellence in patient care. It is the only campus in the 10-campus UC system dedicated exclusively to the health sciences.

Required Qualifications

- Bachelor's degree in related area and three to five years of experience, or an equivalent combination of education and experience
- Demonstrated expertise in environmental health sciences, public health, occupational health, epidemiology, toxicology, or other related field
- Publication track record in the peer-reviewed literature

- Technological savviness and proficiency
- Demonstrated high level of written and oral communications skills and ability to communicate with scientists and non-scientists
- Strong level of attention to detail and ability to manage many moving priorities and projects
- Possess a desire to learn about science-policy work and demonstrated commitment to lifelong learning
- Commitment to public health advocacy
- Ability to work well with others and desire to work on collaborative projects
- Possess a level of creativity and a willingness to try different solutions to solve problems or advance the work, technological or otherwise

Preferred Qualifications

- Advanced degree (MPH or PhD)
- Knowledge of, and practice in, environmental health science and policy in the United States
- Experience in public health advocacy
- Knowledge of the application of systematic review methods
- Experience with social media and usage in a professional/academic setting
